Shared Touch

For equal pleasure

Couple's grinding vibrator

What is it

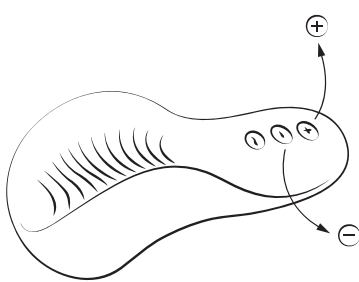

Shared Touch is a double-sided grinding couples vibrator designed for simultaneous use by **both partners**. One side features a soft, ridged **concave stroker for the penis**, while the other has a sculpted, **precise tip for clitoral stimulation**. This versatile toy intensifies shared pleasure and inspires exploration of endless positions, whether used together or on each other.

Who it's for

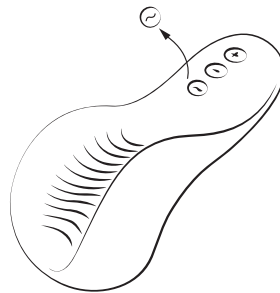

Couples who love to explore intimacy together and are excited to try new ways to experience pleasure as a team. They are often sexually literate, open-minded, and adventurous, and may already own sex toys — whether it's their first or their fiftieth, they prioritize shared pleasure and connection.

This also includes couples who cannot or choose not to engage in penetrative sex, for medical, personal, or religious reasons, and are seeking alternative ways to experience intimacy together.

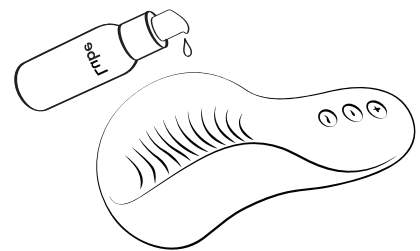

How to play

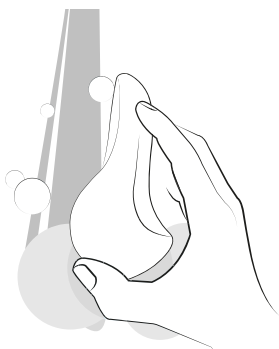

1. Briefly press the + button on the toy to turn it on. Press + to increase and – to decrease vibration intensity. There are 10 vibration intensities to choose from.

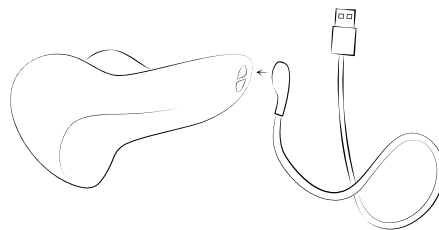

2. Press the We-Vibe button to cycle between 8 vibration pattern modes. Or press the We-Vibe button for 5 seconds to connect the toy to the app.

3. Add some lube and place the toy between your bodies to enjoy shared, hands-free vibrations that enhance every touch.

4. Shared Touch is IPX7 waterproof – this means it can get wet for play and cleaning.

5. Recharge using the USB charger.

How to demo Shared Touch

- 1** Start by introducing Shared Touch as a unique, versatile couple's grinding toy.
- 2** Point out the shape, with the ribbed, concave side designed to accommodate the head of the penis, while the other side has a firmer, more precise tip for delivering vibrations to the clitoris. The fluttery wings are great for teasing nipples, testicles and labia, too.
- 3** Note that Shared Touch is an external use toy – it is designed to be pressed between couples while they kiss, tease and grind – and also as a vibrator in just about any scenario they can think of!
- 4** Demo the controls: Shorty press the + button on the toy to turn it on. Press + to increase and – to decrease vibration intensity. There are 10 vibration intensities to choose from.
- 5** Press the We-Vibe button to cycle between 8 vibration pattern modes: Vibrate, Pulse, Wave, Cha-Cha, Tease, Ramp, Tempo and Massage.
- 6** Note that Shared Touch is IPX7 waterproof, making it safe for play in the bath and shower. It is also rechargeable, yielding a 60-minute runtime on a full charge.
